FROM THE Desk OF THE CEO

In every Beacon, there are stories of trying circumstances and uncertain futures. If these heartbreaks were the whole story, then not many would read our newsletter; however, the stories with the most difficult beginnings are all the better when the heroines and heroes triumph in the end. As you read through this issue, please know that each of these triumphs—each of these successes—was only possible because of the support we receive from each of you.

Thank you for turning fear and heartache into hope and triumph.

At Children’s Harbor, we offer the use of our 66 acre, handicap-accessible Lake Martin campus to organizations that support children with mental or physical disabilities and chronic health conditions and their families. These organizations received a facilities grant in 2017 so their camps could be provided at little or no cost to the campers.

SPOTLIGHT ON 2017  Camp Strive

LAKESHORE FOUNDATION: THERE IS NO PHYSICAL LIMIT TO HUMAN ACHIEVEMENT.

Lakeshore Foundation’s Camp Strive is a family camp where children with physical disabilities and their families can participate in a weekend of adapted lake activities, including: water skiing, kayaking, tubing, fishing, boat rides, miniature golf, arts and crafts, lake swimming, pool swimming and more! Participants have the opportunity to experience new activities, meet new friends and engage in parent networking in a non-restrictive and fully-accessible environment. Camp Strive is a great opportunity for children ages 4-19 who are not able to participate at the Lakeshore Foundation facility to become involved in adapted activities. Campers have come from a number of cities around Alabama, as well as other states, to participate in this wonderful event.

Champions for Our Children

BY COACH BILL CLARK:

In 2016, UAB Blazer Football Team chose Children’s Harbor as their community charity. The players participate in fun activities with the patients and their families throughout the year planned by UAB Football Character Development Coordinator, Timothy Alexander, and Family Center Activities Coordinator Darby Calhoun. These great experiences stay with the patients, their families, and the players for a lifetime.

“Children’s Harbor has absolutely become part of the Blazer family. I intend for this relationship to grow with our program. As we build our team and return to competition, there will be even more we can do to provide encouragement and a positive distraction to support the terrific work Children’s Harbor does.”

As a tribute to this special bond, all 100 UAB football players wore the name of a child—in honor or memory—that has been served in some capacity by Children’s Harbor on the back of their game-day jerseys during their October 7th Homecoming Game. The jerseys will be given to the patient or family through a special sponsorship provided by ServisFirst Bank of Birmingham.

BY MITCHELL WALTERS AND MARGARET GADDY:

One Sunday per month during the spring and fall, Junior League volunteers host a party at Children’s Harbor’s Family Center for the precious patients, their families and friends. Whether volunteers are creating memorable crafts with children, playing a game of bingo, or serving a hot meal, the Junior League strives to bring peace and joy to the brave patients and their families.

The Junior League is proud to celebrate 20 wonderful years with Children’s Harbor! Cheers to many more!
Family Center now open every Saturday and Sunday from 1:00pm – 5:00pm.

In the past, the Family Center was only open for special events on the first and third Sundays of each month. Yet families expressed an increased need for access to the center on the weekend. Many of the typical hospital activities that occur during the week, cease on the weekend. Families explained that it’s especially helpful to have a place to relax together in a peaceful setting that feels like home. Family members are better able to visit on the weekends when off work or out of school, and as one mother of a patient expressed, “It’s so nice to hear all the children and families laughing. It helps fill the time waiting.”

“I like to play the animal game with my hurt brother.”
– 4-year-old Willow

BRUCE PEARL FORE THE CHILDREN GOLF CLASSIC

When Coach Bruce Pearl was looking for a cause to support early in his tenure as the Auburn Tigers’ head basketball coach, he quickly settled on Children’s Harbor. He didn’t need much persuasion to lend his name and support to a non-profit organization with such an extensive reach.

Pearl’s decision to lend his name and launch the Fore the Children Golf Classic continues to have a tremendous impact. Nearly 30 teams filled up almost immediately for the 4th annual tournament, which was held on May 22nd at Willow Point Golf and Country Club on Lake Martin.

“We found Children’s Harbor and Children’s Harbor found us,” Pearl said during a recent interview. “Our friends who support us are here every year. We have a great time. We talk some basketball, and we make a difference for the kids.”

ART ON THE LAKE

In 2017, we celebrated Art on the Lake’s 12th year. The event took place on the serene grounds of Children’s Harbor Chapel and Hank’s Cabin, against the lapping waves of Lake Martin. Over 60 artisans presented fine arts and handmade crafts to a crowd of more than 5,000 people.

This event is free to attend, and a portion of all purchases help support Children’s Harbor’s mission to provide camp, counseling and support services to seriously ill children and their families.
